POWER THE FUTURE

DASWATT

PROFESSIONAL BATTERY PACK MANUFACTURER

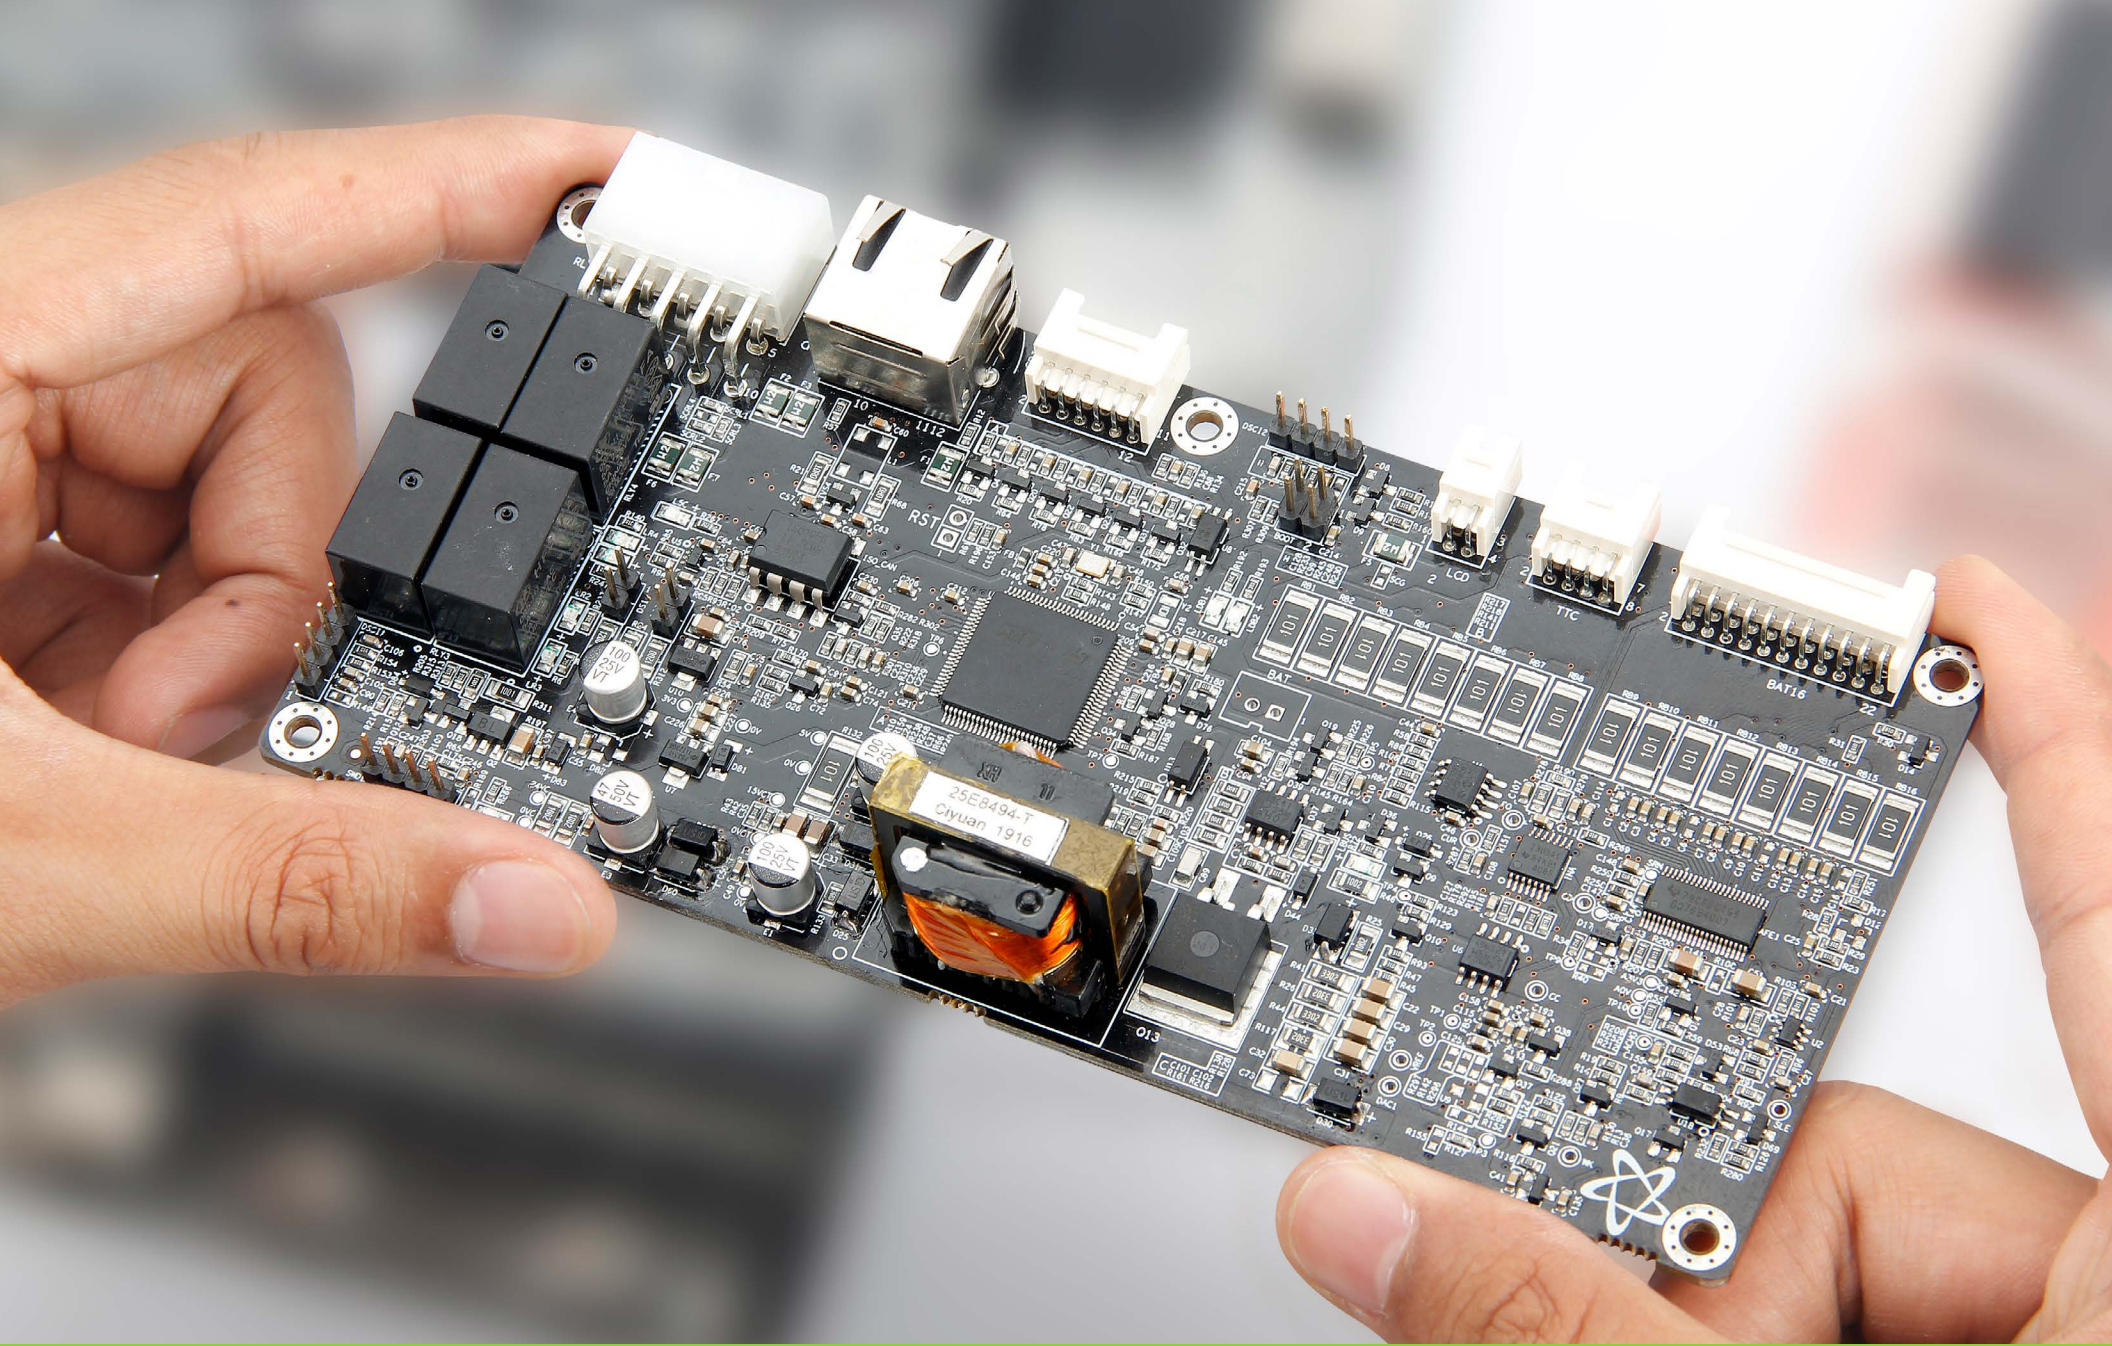

LI-ION/ LI-POLYMER/ LIFEPO4/ LTO BATTERY PACKS

DASWATT

CUSTOMIZED BATTERY SOLUTIONS

Intelligent Battery Management System (BMS)

DEDICATED ON BMS DEVELOPING & MANUFACTURING OVER 16 YEARS

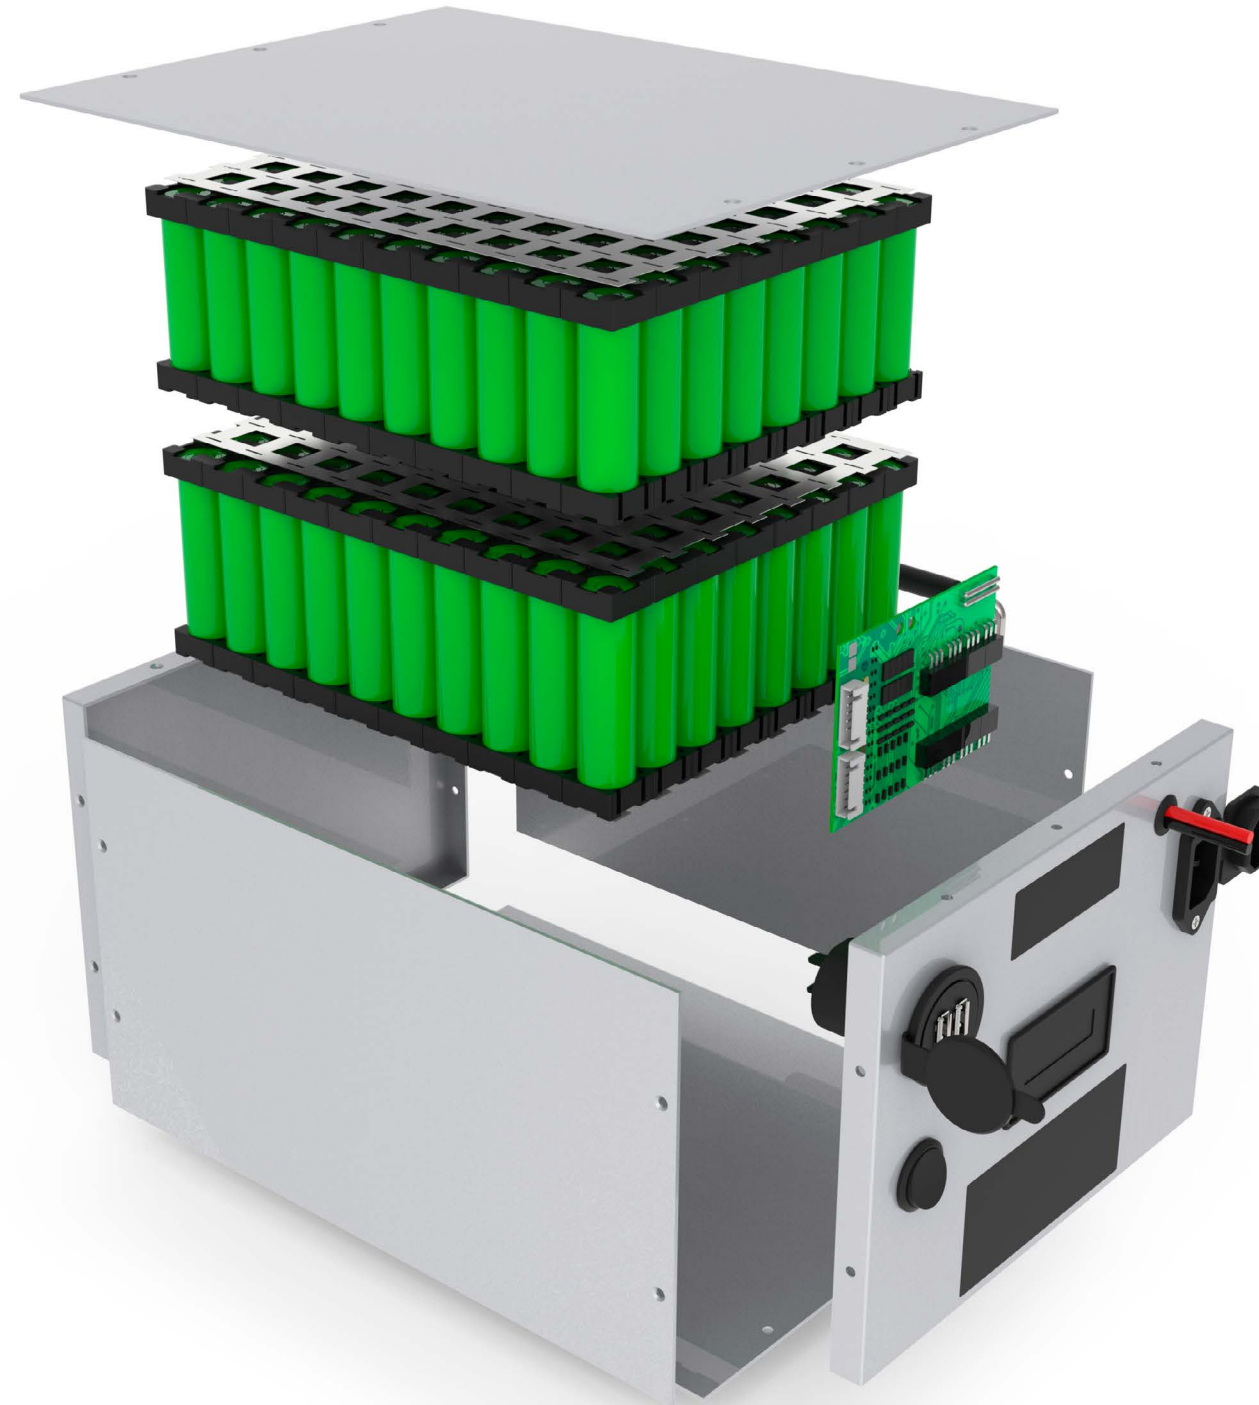

**OUR FACILITIES ARE
ISO/ BSCI /TUV /SGS
CERTIFIED**

DASWATT

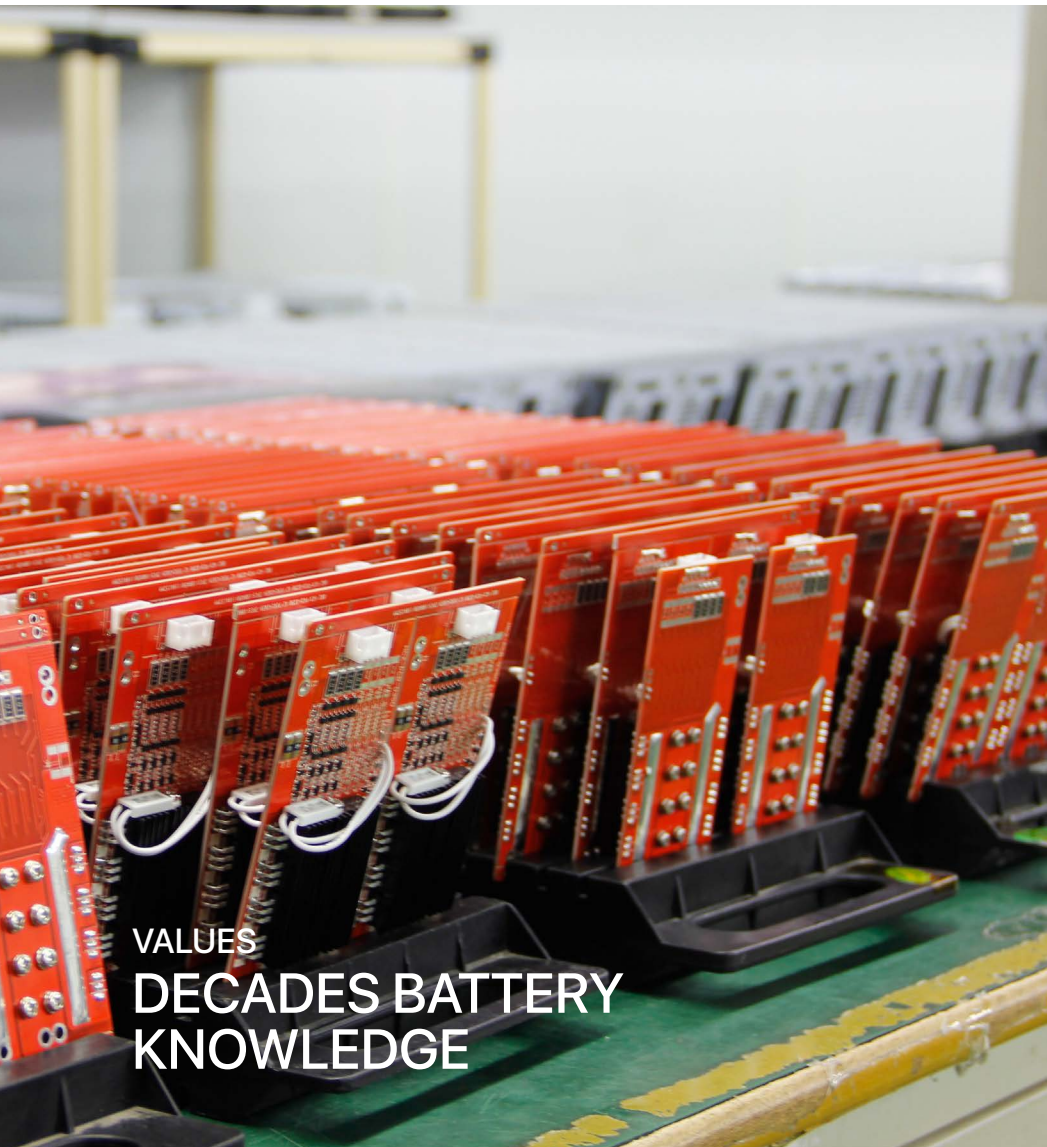

Founded in Hamburg, Germany and invested production facilities in CHINA. With strict German quality management and decades experiences on lithium battery and battery management system, DasWatt provides comprehensive power solutions from A-Z.

We customise Li-ion/ Li-polymer/ LiFePO4/ LTO battery packs for medical devices, electric mobilities, telecom equipments, energy storage, industrial tools, solar energy, robots and so on.

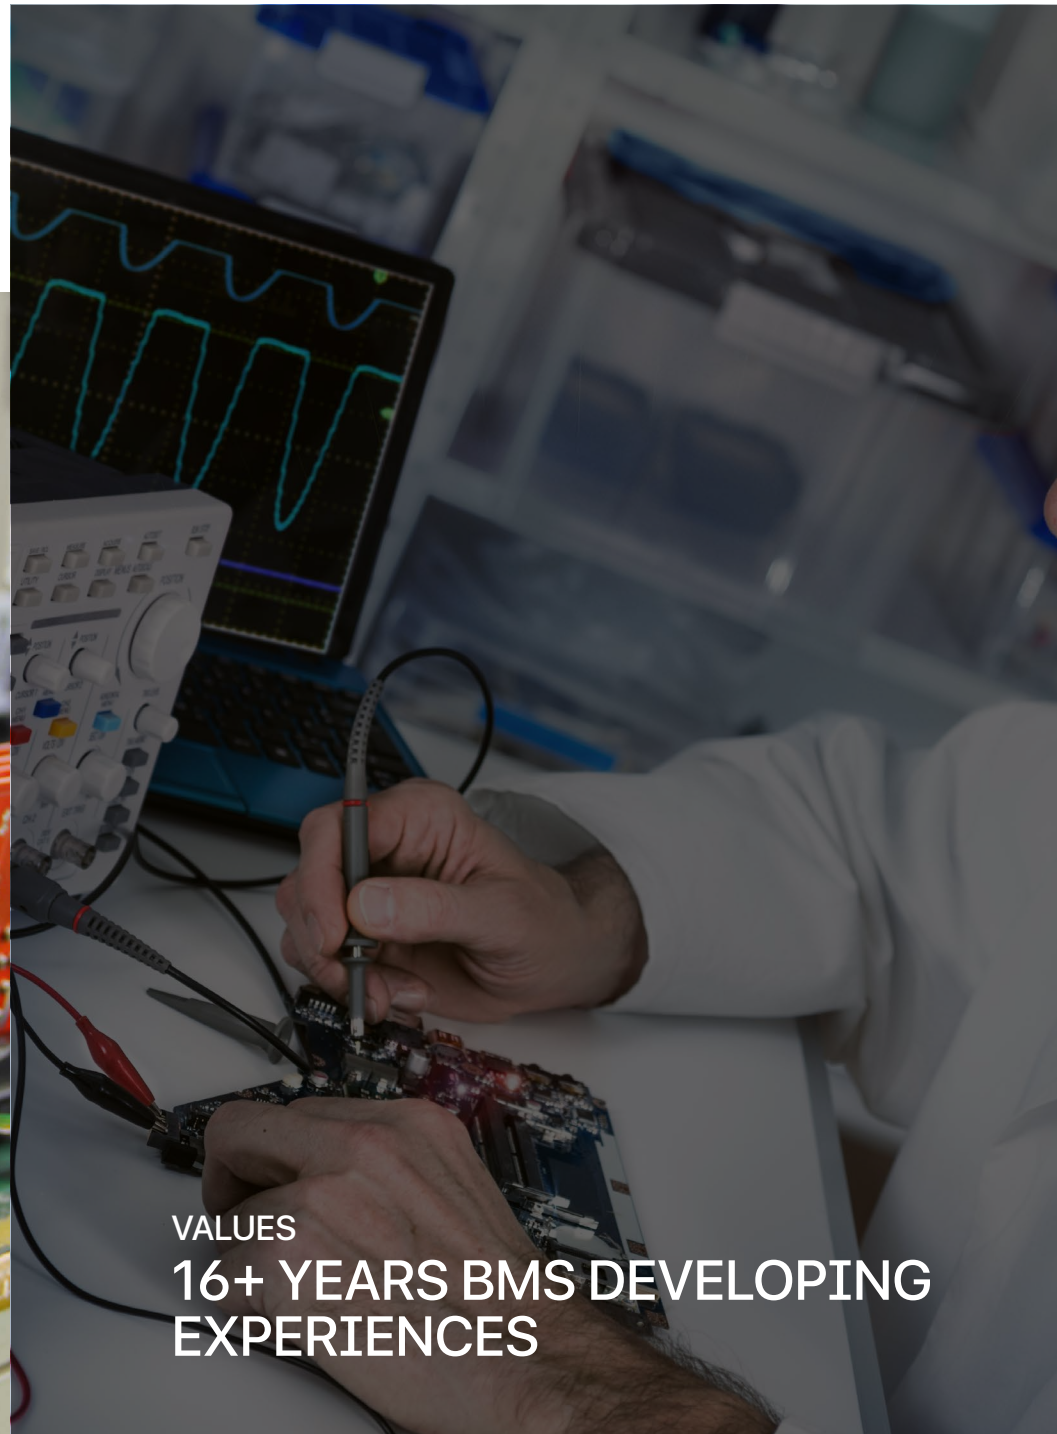

DASWATT

Our decades BMS development and manufacturing experiences makes DasWatt outstanding from the competition, thanks to our reliable BMS, DasWatt batteries are more safe and durable. With our BMS intelligent communication protocols (SMBUS, MODBUS, CANBUS, UART, I2C, BLUETOOTH), DasWatt can accurately monitor the batteries status of SOC, SOH, Voltage, Current, Temperature, Cycling...

GREEN ENERGY SUSTAINABLE FOR THE ENVIRONMENT

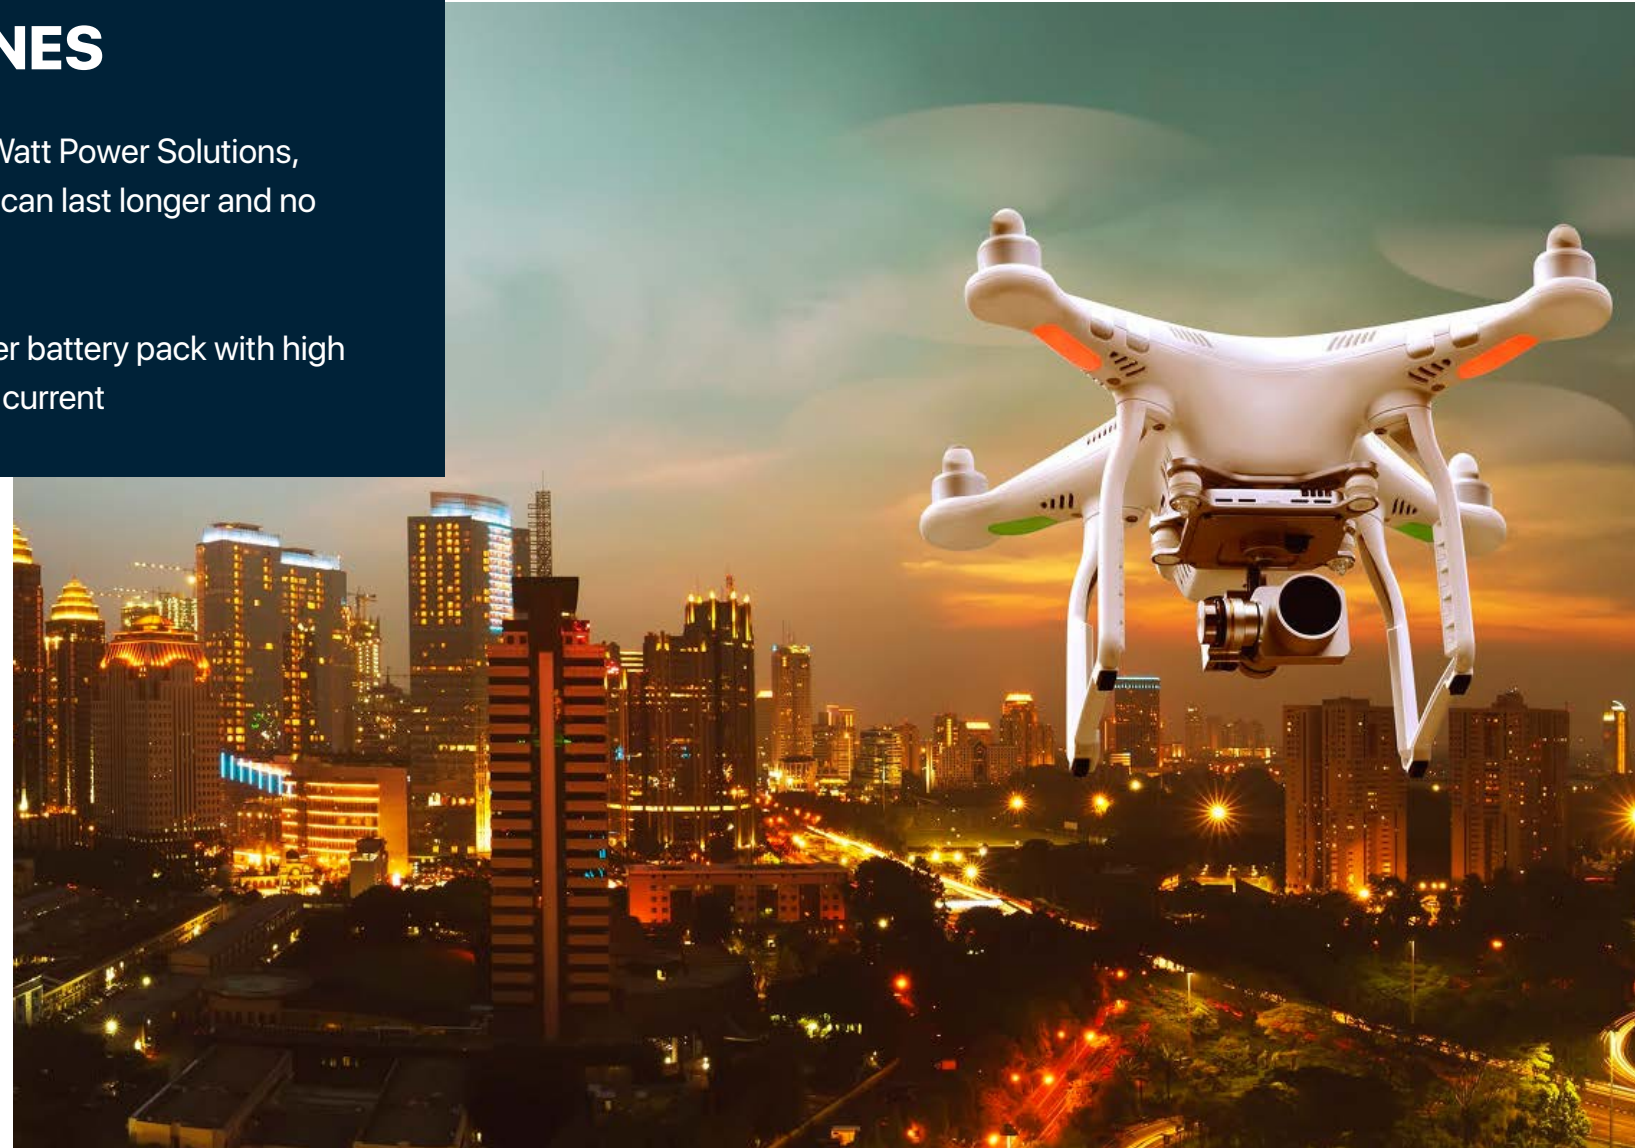

DasWatt Powers the future by providing clean lithium solutions for all GREEN solar and wind energy.

DRONES

With DasWatt Power Solutions, your Dron can last longer and no crashes.

High power battery pack with high discharge current

ELECTROMOBILITY

DasWatt develops and produces complete power solutions for electric bikes, electric motorbikes, electric scooters, electric cars.

INDUSTRIAL ROBOTS

DasWatt develops comprehensive solutions for robots, contributes to industrial automation, industry 4.0

HOUSEHOLD & GARDEN ROBOT

DasWatt makes our life more intelligent, power up household and garden applications cordlessly.

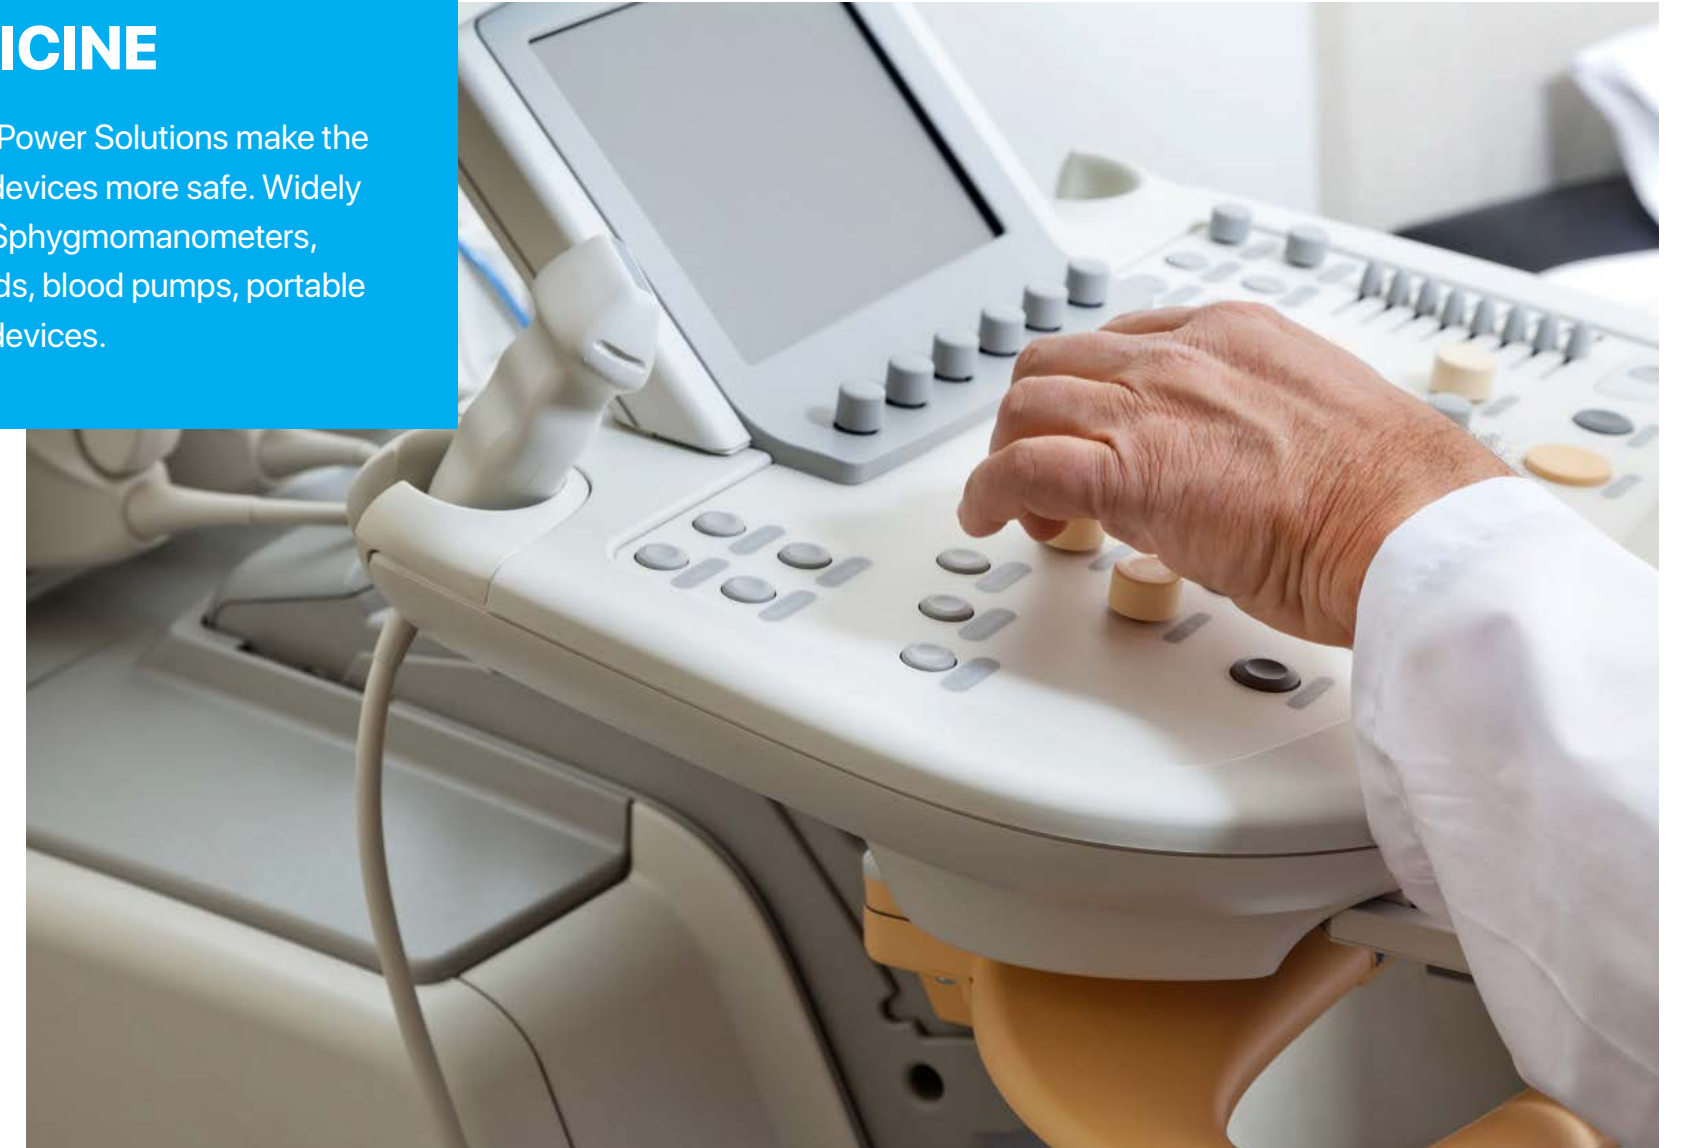

ELECTRIC BOATS

DasWatt makes your boating leisure time more fun and more safe. DasWatt knows how to avoid the motor blades sudden-run accidents when stalled.

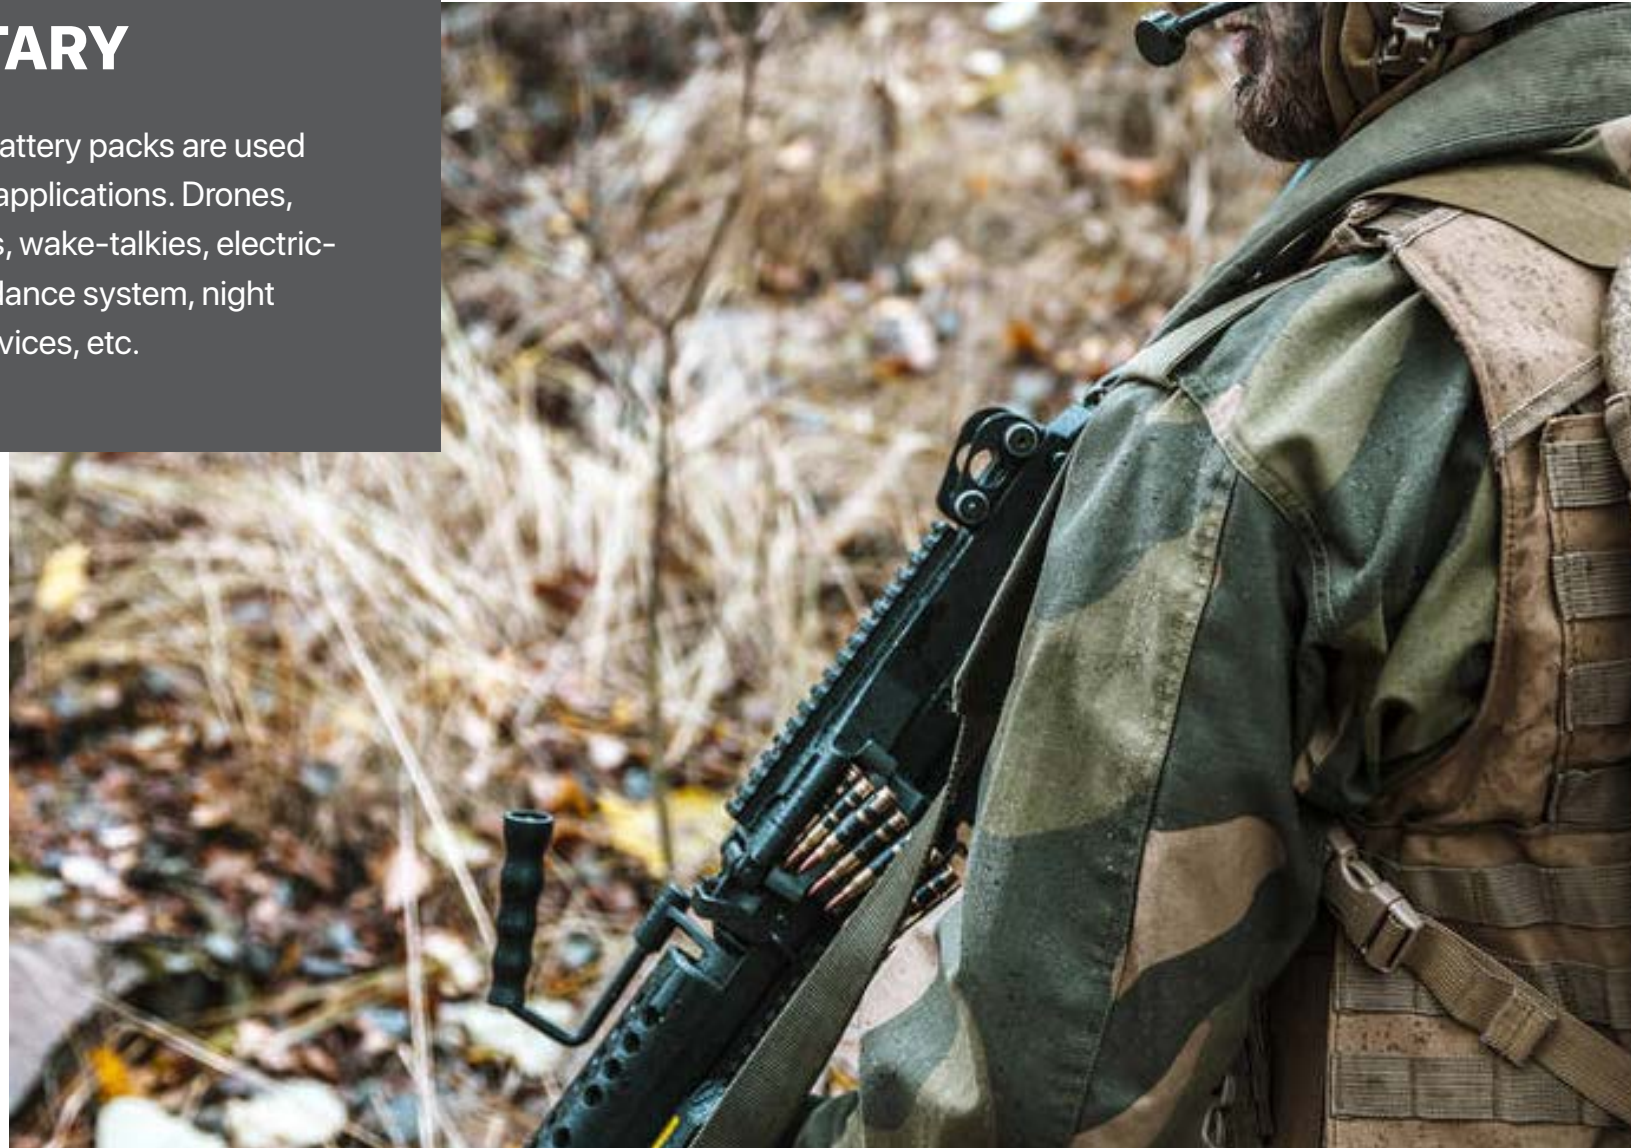

MEDICINE

DasWatt Power Solutions make the medical devices more safe. Widely used on Sphygmomanometers, rehab beds, blood pumps, portable medical devices.

MILITARY

DasWatt battery packs are used in military applications. Drones, detonators, walk-talkies, electric mask, guidance system, night vision devices, etc.

WE CARE ABOUT OUR CUSTOMERS, WE BUILD THE FUTURE TOGETHER
